**APPLICATION OF ROBERT C. HILLIARD FOR APPOINTMENT AS CO-LEAD  
COUNSEL**

Pursuant to Pretrial Order No. 5, Robert C. Hilliard respectfully submits this application for appointment as Co-Lead Counsel with primary responsibility for injury/wrongful death cases.

**INTRODUCTION REGARDING MR. HILLIARD AND GENERAL MOTORS**

Mr. Hilliard is uniquely qualified to serve as Co-Lead Counsel with primary responsibility for injury/wrongful death cases given his clients' substantial presence in this MDL, his early and continual involvement with this specific GM litigation, and his long career in complex tort litigation. Mr. Hilliard was personally retained by Plaintiffs who make up the most significant portion of this MDL's injury/death docket. On their behalf, he is filing into this MDL 658 post-bankruptcy cases, including 29 death cases and 629 injury cases. Mr. Hilliard will also seek leave to file into this MDL an additional 248 pre-bankruptcy cases, including 21 death cases, 136 injury cases, and 91 economic loss cases. Mr. Hilliard's filings materially affect the present litigation by substantially increasing the number of injury and death cases that make up the MDL. Separately, Mr. Hilliard intends to process at least 219 non-MDL claims through the Compensation Fund, including 35 death claims and 184 injury claims. Mr. Hilliard expects to litigate another 50 GM ignition switch cases in various state courts throughout the country.

Mr. Hilliard also brings to the MDL leadership his unique knowledge of and access to the various forums and decision makers with ongoing interest in this GM litigation. Specifically, Mr. Hilliard has worked closely with Senator Richard Blumenthal (Consumer Protection Product Safety Sub-Committee) and Representative Tim Murphy (Chairman of the House Energy and Commerce Subcommittee on Oversight & Investigations), as well as other Congressional leaders on the GM ignition switch issues. Mr. Hilliard has coordinated national efforts between Joan Claybrook (President Emeritus of Public Citizen), Clarence Ditlow (Executive Director for the Center for Auto Safety), and GM victims. The national media regularly seeks out Mr. Hilliard for informed and reliable information and reasoning on all defect-related issues.

Respectfully, no other applicant can match the professional stake Mr. Hilliard has in this MDL's injury/death docket. Mr. Hilliard offers a global perspective and depth of knowledge for the benefit of all of the Plaintiffs in this MDL, including his clients. His appointment as co-lead counsel would achieve this Court's stated objectives of "vigorous prosecution" and "strong and flexible leadership."

**MR. HILLIARD'S WORK IN THE GM IGNITION SWITCH DEFECT LITIGATION**

- As news of the defective ignition switch broke, Automotive News identified Mr. Hilliard as one of the Nation's "Key Players" in the GM defect litigation.
- GM admits that 13 deaths are directly attributable to its defective ignition switch. Mr. Hilliard represents the families of 5 of those victims.

- Mr. Hilliard successfully arranged a private meeting between GM's C.E.O., Marry Barra, and 23 of his clients in Washington, D.C. on March 31, 2014. Ms. Barra listened to the victims' stories for over two hours.
- Mr. Hilliard communicated with NHTSA Acting Administrator David Friedman and facilitated a private meeting between his clients and Mr. Friedman concerning GM.

General Motors, LLC*, No. 2:14-CV-90 (S.D. Tex.)). Judge Nelva Gonzales Ramos (S.D. Tex.) granted Mr. Hilliard's motion requesting an Emergency "Park-It-Now" hearing. To date, this remains the only contested hearing where GM's national counsel appeared before the Court and live testimony was presented.
- Mr. Hilliard has personally and privately met with Compensation Fund Administrator, Ken Feinberg, numerous times and has exchanged dozens of phone calls and emails with Mr. Feinberg to discuss and negotiate the details of the Compensation Plan. Mr. Feinberg acknowledged Mr. Hilliard's efforts in his Press Conference announcing the plan.

- Mr. Hilliard assisted members of the United States Congress, including Senators Blumenthal and Baldwin (Senate Commerce Committee), as well as Representative Tim Murphy (Chairman of the House Energy and Commerce Subcommittee on Oversight & Investigations), in gathering evidence for Congressional hearings related to the GM recalls. - Mr. Hilliard presented proof to former Van Zandt County Texas District Attorney, Leslie Poynter Dixon, that his client Candice Anderson's felony vehicular homicide conviction for the death of Mikale Erickson was actually a result of the defective ignition switch in her GM Saturn Ion. Ms. Dixon, in a recent letter to the Texas Board of Pardons and Paroles, requested that the Governor of Texas pardon Ms. Anderson, citing GM's sole responsibility for the death of Mikale Erickson.
- Upon invitation, Mr. Hilliard has appeared on numerous national television broadcasts related to the GM story, including broadcasts for: ABC, NBC, CBS, Bloomberg, CNBC, CNN, Fox Business News, and Fox News.
